This land would be transferred to diplomatic missions and commercial enterprises for building their chanceries and embassies.

The move comes after ministry of external affairs received the proposal for additional land for allotment to diplomatic missions in a second diplomatic enclave. The urban development ministry had no land available for allotment to foreign missions at Chandigarh area. Finally land was allotted in Sector 24 Dwarka.

**NHAI to take over the rail over bridge project on Dwarka Expressway**

The National Highways Authority of India (NHAI) has asked Huda to stop work on the elevated rail over bridge (EROB) on Dwarka Expressway at Dhaul. The authority plans to take over the construction of the bridge and convert it to a viaduct to co-exist with the highway nearby.

The Huda, which is ready to transfer the expressway to NHAI, has no objection to its bid to take over the work on the rail over bridge work and the rest of the road. The NHAI officials said that while the Dwarka Expressway will be split into eight lanes, the over bridge being constructed has six lanes. This is against the highway norms.

**New Delhi:** The Prime Minister's Office (PMO) has stepped in to resolve the outstanding issues between Delhi government and NHAI for early rollout of the Dwarka Expressway project. The PMO has called a meeting of representatives from the Delhi government, environment ministry DDA and highways ministry on Wednesday, sources said.

The Delhi government has been sitting on the NHAI's application for green clearance for the stretch falling in the na-

ling with the Centre, as under the Forest Conservation Act, it amounts to "diversion of forest land". It had maintained that roadside plantations done by DDA as "deemed forest". But NHAI had produced environment ministry's rules, which state the provision of the Act won't apply to areas which have not been notified as protected forest and hence Delhi government could grant permission following local rules and regulations. Delhi government had rejected this request.
